ACTIVITIES AND INTERESTS

Cricket
Chess
Music
Watching Web Series

STRENGTH

Active Listening
Hard working
Good Communication Skills
Good Team Worker

WORK EXPERIENCE

Having 10 months experience in all phases of Software Development life cycle (SDLC) which includes User Interaction Design and Development, Implementation, integration, Documentation and Deployment of Web based application using Java, J2EE technologies JPA/Hibernate Web Services (SOAP and RESTful), MVC framework (Spring MVC), MYSQL and Object Oriented Programming techniques.

EDUCATION

B.Tech (ECE)

MDU (Rohtak)
2016-2020

CERTIFICATION

Backend Java Development

Pentagon Space (Bangalore)
Aug 2021 to March 5, 2022

KEY SKILLS AND CHARACTERISTICS

- Core Java
- J2EE (JDBC, Servlets and JSP, Design Pattern)
- Web Framework (Spring MVC, Spring Boot)
- Service -oriented architecture /web service (SOAP/REST)
- Knowledge of Microservices Architecture
- ORM Hibernate/JPA
- Database:MYSQL
- Data Structures and Algorithms

REAL TIME PROJECTS

- Spring MVC and Hibernate CRUD real-time project
 - Spring Security (with password encryption in the database)
 - Spring REST (with full database CRUD real-time project)
 - Spring Boot REST (with full database CRUD real-time project)
 - Spring Boot with JPA and Spring Data JPA
 - Spring Boot with Spring Data REST
 - Spring Boot with Thymeleaf

OTHER KEY SKILLS

- Data Analysis.
- Project Management Tactics.
- Interpersonal Skills.
- Teamwork Skills.
- Adaptability.
- Decision Making.
- Administrative skills.
- Leadership Skills.
